What courses do they offer?

INTRODUCTION TO CREATIVE SKILLS COURSE OVERVIEW

This is a course designed specifically to help you move into the world of Further Education/College through a supportive, small group environment.

You will have the opportunity to learn skills in the creative arts such as shooting a short film and experience to help inform you of your next steps for education and employment.

You will use a range of creative software to broaden your skillset, such as Construct to create 2D games, Adobe Premiere for filmmaking and Ableton for music production.

You will also get a chance to improve your Maths and English skills and aim for a qualification.

There will also be a focus on personal and social development, allowing you to build your skills and confidence in a wide range of areas.

There are no entry requirements for this course and you will work towards a level 1 BTEC and a qualification in Functional Skills.
