January Information Event - Plumpton College Campus

22/01/2022

There's so much on offer in the land and environment sector, from agriculture and animal management to equine and arboriculture. It's an industry full of exciting opportunities and career paths.

We've got full and part-time courses from school leaver and adult courses, through to University courses.

Hear about what it's like to study at Plumpton College and the careers available from Principal Jeremy Kerswell. Take a tour of the campus, meet course lecturers, current students and learn more about what it's like to be a student here and ask our fantastic support team any questions about how to apply for a course and start your journey with us.
