

Woodlands Meed works in collaboration with Oak Grove College and Manor Green College to lead SEND projects for the Sussex Maths Hub. The Sussex Maths Hub is one of a network of 40 Maths Hubs in England, working together within the Maths Hubs Programme, which began in 2014. The programme is funded by the Department for Education (DfE) and coordinated by the National Centre for Excellence in the Teaching of Mathematics (NCETM).

Working in collaboration with the Sussex Maths Hub allows Woodlands Meed to establish a positive culture towards Maths among staff, pupils and parents. It enables us to work together with other stakeholders, to share good practice, developing the knowledge and skills for all and enhancing the learning experience of our pupils by improving confidence and preparing them for their journey to adulthood.

The Sussex Maths Hub is open to all schools and colleges. To find out more about the Maths Hub projects please visit <https://www.sussexmathshub.co.uk/>
