

Woodlands Meed is part of the Southern SEND Cluster Careers group, which is part of the Enterprise Advisor Network (EAN). Nola Bennett, Woodlands Meed Careers Leader, co-chair the meetings.

The SEND Cluster group is part of the Enterprise Advisor Network (EAN). The cluster brings together special schools, specialist 16-19 colleges, and mainstream schools and academies with a high percentage of SEND students across West Sussex and Brighton and Hove.

Its purpose is to focus on a collaborative approach to the achievement of the 8 Gatsby Benchmarks of Good Careers Guidance for these schools, and to ensure that career outcomes are improved for all young people with SEND.

The cluster is open to all schools and colleges with SEND students. To find out more information about the cluster please contact penny.daly@coast2capital.org.uk
