Dear Parent/Carer,

We have been made aware of the following, which we consider a potential risk to our vulnerable pupils.

Please be vigilant and check your young people are not engaging with it.

Many thanks

OMG: anonymous Q&A

This is an app raised in another local authority that has been created for children aged 9-18 years. It is similar to "Tinder" but allows children to send crushes to one another. Once received, they can speak to others and share their exact location. This is a big concern, please ensure extra vigilance with children using devices.
