15<sup>th</sup> April 2026

Dear Parents / Carers

Now we are in the summer term I wanted to write and remind you about the need for us to work together to protect our pupils from the health risks of sunlight.

We have developed our practice in line with the most up to date advice from health professionals and the Cancer Research UK's Sun Smart Campaign to ensure that we can all enjoy the sun safely over the coming months. For more information see their website: <http://www.sunsmart.org.uk/schools/>

To promote independence Key Stage 3 pupils will be encouraged to apply their own sunscreen at school.

You can help by:

- Sending in a labelled bottle of sun protection lotion for your child to use. It is recommended that this is SPF 30+ for children in the UK.
- talking to your child about the importance of sun protection at home.
- sending your child to school with a wide brimmed or peaked hat.
- applying special long lasting sun protection cream on your child before school which will last all day.

Together, I hope we can ensure our young people can keep safe in the sunshine.

Yours sincerely

Adam Rowland  
Headteacher
